

Medical Physicist (Radiation Oncology), Wellington Hospital, New Zealand

We are keen to hear from medical physicists who would like to work in our supportive and friendly team. We are open to applications for permanent or fixed term employment, and we offer a relocation package for international candidates.

Wellington Hospital is the specialist referral and teaching hospital serving the capital city and surrounding regions, and is the largest provider of health services in the lower North Island. The radiation oncology service is part of an integrated cancer centre, and is equipped with 2 Varian Truebeam and 1 Clinac linacs, HDR brachytherapy, Eclipse planning system, CT scanner, superficial x-ray and access to MR and PET imaging. We provide a full range of contemporary radiation treatments including SRT, SBRT, VMAT and IGRT external beam techniques, as well as image guided HDR brachytherapy for gynaecological, prostate, breast and skin cancers. We have an active multidisciplinary program of clinical practice developments, and we aim to publish and present our experience.

Our physics team has twelve members from diverse international backgrounds. The team is enthusiastic, and continually rises to the challenge of delivering high quality work. This has given our service a great reputation for training and developing medical physicists.

You will need to have completed your training, and be certified by the Australasian College of Physical Scientists and Engineers in Medicine ([ACPSEM](#)) or the equivalent in your home country. Preference will be given to applicants with five or more years of post-certification experience. Specific areas of responsibility will be negotiated to suit your experience and interests.

Salary and conditions are set according to a national [Multi-Employer Collective Agreement](#) (MECA). Appointment will be made at the medical physicist or senior medical physicist grade depending on experience.

Wellington is New Zealand's capital, home to the government and a cultural epicentre renowned for its vibrant cafés and restaurants, international sporting and cultural events, and beautiful harbour. It's location at the bottom of the North Island means that there many opportunities for outdoor leisure pursuits in the wider region. Make a fresh career choice and join us in Wellington, New Zealand!

If you would like to be part of great team bringing excellent care and quality of life to patients, we would like to hear from you!
