IQ + EQ = CQ

Our focus at CQ Medical is to make cancer and other treatments more precise, technology more effective and medical minds more brilliant.

Everything, from the way we do business to the way we develop and design product, is guided by our Care Quotient (CQ) Philosophy: That everything must have that unique and important mix of medical intellect and patient empathy.

In short, IQ + EQ = CQ.

That's how we care smarter than anyone.
And care smarter for everyone.
